NEORIS
AIMS

ARTIFICIAL INTELLIGENCE MANAGED SERVICES

Increase **Data Product Resilience** to amplify business impact. Transform **complex deployment and technical debt** into capabilities that embed AI in all aspects of your business.
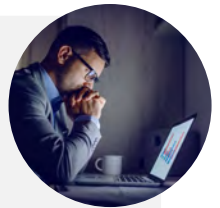

What keeps CDO's up at night

Promising models stuck in limbo, unable to make it into production

Technical debt causing data leakage and declining model performance that cannibalizes time spent on innovation

Manual tasks create long turnaround times driven by lack of process standardization that make model deployment and support expensive

NEORIS AI Managed Service Offerings allow you to:

PROCESS EXCELLENCE

Increase quality, speed and ease of MLOps through automation and Service Framework

SCALE

Access global talent and expertise to ensure AI resilience

CAPITAL EFFICIENCY

Refocus your Data Team on **Innovation vs. Support & Maintenance**

Offering Highlights

Model Monitoring & Retraining

Monitoring your ML models for changes such as model degradation, data drift, and concept drift, while maintaining that your model is maintaining an acceptable level of performance.
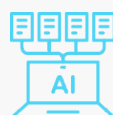

Pipelines Monitoring & Feature Engineering

Transform raw data into features that can be used in machine learning algorithms while maintaining healthy data pipeline while business evolves

Data Governance Enforcement

Ensure data is consistent, trustworthy and secure while delivering high business value

Explainability & Documentation

Analyze, document, and deliver results provided by ML models.

API & Cloud Integration

Enable interactions amongst data, applications, and end points. Deliver data and facilitate connectivity between devices and systems

Model Lift & Shift to Cloud

Migrate your applications and data products to the cloud with minimal impact and high efficiency.

Model Management

Bias management, modeling, and monitoring. Model versioning, registration and compliance.

Front End Enhancements

Enhancements for front end data products and dashboards

Languages
- English
- Spanish
- Portuguese

Coverage
- 8x5 Local Business Hours
- Up to 24x7 Support
